

MEET YOUR ECOBEE

Here's what you'll see on the home screen:

MEET YOUR ECOBEE

And here's what that means:

System Mode

Shows your current ecobee setting (heat/cool/auto/off).

Humidity

Shows the indoor humidity in your home.

Indoor Temperature

Shows the indoor temperature in your home.

Slider to adjust Temperature

Slide the bubble up or down to adjust your preferred temperature.

Menu

Allows you to control your system, schedule a vacation, and more.

Weather

Shows the local weather and forecast for the week.

Quick Changes

Touch this button to easily switch between Home and Away.

Voice Control

Allows you to turn volume up/down and enable/disable microphone.

MEET YOUR ECOBEE

These system mode icons are shown on the Home screen and in Quick Changes.

Heat

Your system is in heat mode. A white icon means your system is off. An orange icon means your system is running.

Cool

Your system is in cool mode. A white icon means your system is off. A blue icon means your system is running.

Auto

Your system is in Auto mode, meaning your system will heat or cool as required.

Fan

Your fan is currently running.
